Subject Index

A

Abdominal Pain: An Exercise in Clinical Problem Solving, 81
ABGee! V 2.2B, 37
ABGee! V 3.0, 238
ABG's, 37
Academic freedom, computers and, 196
Acute care unit, bedside information system for, criteria for selection of, 214
Administrators
  acceptance of computers in baccalaureate nursing programs by, 129
  computer anxiety among, 266
American Training International, 247
Anatomy of the Peripheral Nervous System: Computer Aided Instruction, 38
Applied Engineering, 247
Argosy Network Corporation, 247
Arthur AIMS, 237
Artificial intelligence, automated nursing assessment tool and, 222
Attitudes
  computer anxiety among nursing students, educators, staff, and administrators and, 266
  toward computers in baccalaureate nursing programs, 129
  toward computers in nursing practice, 168

B

Baby Game, The, 36
Baccalaureate nursing programs, acceptance of computers in, 129
Basic Life Support, 278
BASIC programming, test bank program and, 29
Baxter Healthcare Corporation Systems Division, 198
Bedside information system, for acute care units, criteria for selection of, 214
Book Reviews, *Research Report: Video Technology and Hospital Training. Education and Marketing. Strategies for the 1980's and Beyond*, 80
Brain hemisphere dominance, effect on learning by computer assisted instruction and traditional lecture method, 152
Buddy System, 102

C

Call Doc. Upper Respiratory Infection, 81
CANDI, development of, 222
CareLink, 179
Case Western Reserve University, 5
Clinical decision-making, computer program to support, in nursing education, 157
Clinical Nursing Concepts: Computer Simulations, 180
Clinical Nursing Concepts: Fluids and Electrolytes, 180
Clinical practice, database management system for obstetrics unit and, 112
Cocaine, 36
Community Hospitals, Indianapolis, 148
Compucare Company, 247
Computer(s)
  encouraging applications in nursing, 35
  nurses in hospital information services and, 55
  school nurses and, 52
  transferring documents from one system to another and, 58
Computer-aided design, creating graphics with MS-DOS technology and, 161
Computer Aided Nursing Diagnosis and Intervention (CANDI), development of, 222
Computer-Aided Research in Nursing (CARIN), 157
Computer assisted instruction, learning by, effect of brain hemisphere dominance on, 152
Computer assisted testing software, review guide for, 119
Computer cartography, as decision making tool, 15
Computer education, levels of, for professional nursing, 21
Computer graphics
  creating with MS-DOS technology, 161
  as decision making tool, 15
Computerized databases, for nursing research and quality assurance, 228
Computer programs, test bank, 29
Consumer Drug Information on Disk (CDID), 180
Content analysis, how to use word processing software to conduct, 127
Critical Care Calc, 37
Critical Care Nursing Simulations: Gastrointestinal System Series, 137
CYBERLOG: Perspectives in Rational Management. Coronary Artery Disease, 81
CYBERLOG: Perspectives in Rational Management. Hypertension, 38

D

Database management system
  for longitudinal research, 110
  for obstetrics unit, 112
DBMS/Copy, 237
Desktop publishing, 78
Disk Technician Advanced, 148
Documents, transferring from one system to another, 58, 147
Drinking and Not Driving: The Choice is Yours. Alcohol, 36
Dukane Corporation, 53
D'Youville College, 102

E

Education
  acceptance of computers in baccalaureate nursing programs and, 129
  computer program to support patient assessment and clinical decision-making in, 157
  computers and academic freedom and, 196
  development of computer-based tutorial for introductory course on nursing research and, 258
  IBM and, 273
  in nursing informatics, 209
Educators, computer anxiety among, 266

F

FaceCard, 247
Family Nurse Practitioner, The: Women's Health Care (Simulation 3), 81
Fast Track Systems, Inc., 198
Files, creating for content analysis with WordStar, 127
Fluid and Electrolyte Expert, The, 81
Formall, 179

G

Graduate education
  computer program to support patient assessment and clinical decision-making in, 157
  development of computer-based tutorial for introductory course on nursing research and, 258
  levels of computer education and, 21
  in nursing informatics, 68, 209
Graphics
  creating with MS-DOS technology, 161
  as decision making tool, 15

H

Harris College of Nursing, Texas Christian University, 102
Helene Fuld Health Trust, 102
Hemodynamic Expert, The, 81
Hospital information services, nurses in, 55

How to Buy the Right Monitor, 102
HP Clinical Data Access network, 198

I

IBM, 273
Inbox/pc, 180
Indiana University-Purdue University Department of Nursing, 148
Informatics Group, Inc., 54
Information, needed by nurses, 148
Information systems
  for acute care units, criteria for selection of, 214
  guidelines for reporting innovations in, 203, 239
  introducing into long-term care facilities, 251
  statewide, for maternal and child health, 9
Infotrend, 102
Interactive Healthcare Systems (IHS), 198
International Nurses' Educational Travel (INET), 198
Interviews, transcribing for content analysis with WordStar, 127
Introduction to Nursing Goals, 180
Introduction to Nursing Orders, 81
Introduction to Psychoactive Druga, 37

J

Jerry Burke: A Quadriplegic Adolescent, 280

K

Keep off the Grass: Marijuana, 37

L

LC Technologies, 247
Learning, by computer assisted instruction and traditional lecture method, effect of brain hemisphere dominance on, 152
Lecture, learning by, effect of brain hemisphere dominance on, 152
LifeCare Technologies, Inc., 247
Lister Hill National Center for Biomedical Communications, Educational Training Branch, 247
Longitudinal research, database management system for, 110
Long-term care facilities, introducing computerized information systems into, 251

M

MAI Basic Four, Inc., 5
Management of Type II Diabetes, 137
Managing the Experience of Labor and Delivery, 102
Maternal and child health information network, statewide, 9, 61
MDR Videodisc Consortium, 198
Medi-Sim, Inc., 53
Medical RoundTable, 54
Megacode, 37
Mentor Nursing Personnel File, 81
MicroTouch Systems, 247
Mirror Systems, Inc., 52
Mrs. Kathy Shaw: Antepartal Care for a Primigravida Patient, 38
MS-DOS technology, creating presentation graphics with, 161

N

NCLEX-RN, combatting test anxiety and, 51
NeXT computer system, 46
North Carolina Area Health Education Centers, 5
Nurses
  attitudes toward computers in nursing practice, 168
  computer anxiety among, 266
  information needs of, 148
  in schools, computers and, 52
Nursing
  computer graphics and, as decision making tool, 15
  encouraging computer applications in, 35
  nurses in hospital information services and, 55
  professional, levels of computer education for, 21
  statewide maternal and child health information network and, 9, 61
  test bank computer program and, 29
  transferring documents from one system to another and, 58
Nursing assessment tool, automated, development of, 222
Nursing Care for the Surgical patient, 137
Nursing Care of the Elderly patient with Chronic Obstructive Pulmonary Disease, 179
Nursing diagnosis, automated nursing assessment tool and, 222
Nursing informatics
  graduate specialization in, 68
  guidelines for reporting innovations in, 239
  implementation of first graduate program in, 209
  nurses transferring into, 197
Nursing Information Network, 198
Nursing information systems
  for acute care units, criteria for selection of, 214
  Australian resources for, 246
  guidelines for reporting innovations in, 203, 239
  introducing into long-term care facilities, 251
Nursing practice, computers in, attitudes of nurses and nursing students toward, 168
Nursing research, using computerized databases for, 228
Nursing Simulations Women's Health Care: Nursing Management of Acute Problems in Patients with Chronic Illness, 38
Nursing students
  attitudes toward computers in nursing practice, 168
  computer anxiety among, 266

O

Obstetrics unit, database management system for, 112
OPTIMUM, 278

P

Patient assessment, computer program to support, in nursing education, 157
Patient care information systems, for acute care units, criteria for selection of, 214
Patient Care Management System (PCMS), 178, 236, 278
Publishing, guidelines for reporting innovations in computer-based information systems and, 203

Q

Qualitative data analysis, how to use word processing software to conduct, 127
Quality assurance, using computerized databases for, 228

R

Recruitment & Retention Report, 198
Research
  computer program to support patient assessment and clinical decision-making and, 157
  how to use word processing software to conduct content analysis and, 127
  longitudinal, database management system for, 110
  using computerized databases for, 228
Research methodology, development of computer-based tutorial for introductory course on nursing research and, 258
Research Report: Video Technology and Hospital Training, Education and Marketing. Strategies for the 1980's and Beyond, 80
RightSoft, Inc., 5
RN Computer Challenge, The, 237
Romance: Games of Choice About Sex, 36

S

Sasha Patient Classification System (PCS), 178, 236, 278
School nurses, computers and, 52

Shareware magazine, 53
Software evaluation, review guide for computer assisted testing software and, 119
Software Exchange
ABGee! V 2.2B, 37
ABGee! V 3.0, 238
ABG's, 37
Arthur AIMS, 237
Basic Life Support, 278
CareLink, 179
Cocaine, 36
Critical Care Calc, 37
DBMS/Copy, 237
Drinking and Not Driving: The Choice is Yours. Alcohol, 36
Formall, 179
Introduction to Psychoactive Drugs, 37
Keep off the Grass: Marijuana, 37
Megacode, 37
Nursing Care of the Elderly patient with Chronic Obstructive Pulmonary Disease, 179
OPTIMUM, 278
Patient Care Management System (PCMS), 178, 236, 278
RN Computer Challenge, The, 237
Romance: Games of Choice About Sex, 36
Sasha Patient Classification System (PCS), 178, 236, 278
Stedman's Medical Dictionary, 278
The Baby Game, 36
Tobacco, 36
Who-what-when, 238
Your Baby's Nutrition: From Infant to Toddler, 237
Software Guide to Physical Examination, A, 233
Software Reviews
Abdominal Pain: An Exercise in Clinical Problem Solving, 81
Anatomy of the Peripheral Nervous System: Computer Aided Instruction, 38
Call Doc. Upper Respiratory Infection, 81

The Fluid and Electrolyte Expert, 81
The Hemodynamic Expert, 81
Understanding AIDS, 81
University of Washington Nursing Simulations. Part I: Nursing management of Patients with Neurological Problems, 81
University of Washington Nursing Simulations. Part II: Nursing Management of Patients Undergoing Surgery, 81
University of Washington Nursing Simulations. Part III: Nursing Management of Acute Problems in Patients with Chronic Illness, 81
University of Washington Nursing Simulations. The Family Health Practitioner: Pediatric Simulation IV. Diarrhea, 81
SpaceView, 102
Stedman's Medical Dictionary, 278

T

Test anxiety, combatting, 51
Test bank computer program, 29
Testing software, computer assisted, review guide for, 119
Test items, test bank computer program and, 29
Text transfers, from one system to another, 58
Tobacco, 36

U

Understanding AIDS, 81
University of Connecticut School of Nursing, 102
University of North Florida, Division of Nursing, 198
University of Washington Nursing Simulations
Part I: Nursing Management of Patients with Neurological Problems, 81
Part II: Nursing Management of Patients Undergoing Surgery, 81
Part III: Nursing Management of Acute Problems in Patients with Chronic Illness, 81
The Family Health Practitioner: Pediatric in Primary Care. Pediatric Simulation IV. Diarrhea, 81

V

Vitalnet system, 102

W

Watson, 102
Wheel Ease, 54
Who-what-when, 238
Word processing software, how to use to conduct content analysis, 127
Write-Top, 198

Y

Your Baby's Nutrition: From Infant to Toddler, 237
